Supplier Positioning

RFQ-driven sourcing for industrial buyers, factories, procurement teams, EPC contractors and regional trading partners, with technical matching and commercial coordination according to each inquiry.

- **Steel Products**

Hot rolled coil & sheet, cold rolled products, galvanized products, steel plates, rebar, billet and related flat/long steel products.

- **Pipes & Tubes**

Seamless, welded/ERW, HSAW/spiral, LSAW, line pipe, boiler & heat-exchanger tubes, precision/cylinder tubes.

- **Structural Steel**

IPE, HEA, HEB, channels, angles and hollow sections.

- **Alloy & Engineering Steel**

Round bars, flat bars and engineering grades such as 42CrMo4 / MO40, CK and VCN where applicable to RFQ.

- **Stainless Steel**

AISI 304, 316 and 321 products including sheets, plates, pipes, tubes, bars and profiles.

- **Specialized Materials**

Project-specific industrial materials sourced according to drawings, datasheets, standards and technical specifications.
